

METAMORPHOSIS

PARTNERS' NETWORK

An explicit showcase of confirmed organisations and experts on the Metamorphosis Partners' Network

About **Metamorphosis** **Partners' Network**

Born out of a need to achieve one of our BIG goals for 2022 as an organization; to serve our members holistically, way beyond providing them with access to courses and learning resources, and begin to operate a grounded membership model.

The Metamorphosis Partners' Network actively caters to specific need-areas of IMMERSE Inner Circle members; areas where they require support, collaboration, or access to specific services to accelerate their journey.

Utilizing the Resource Magnetism exercise, we identify these need areas, and then reach out to aligning brands that have the capacity to deliver on these areas for a mutually benefiting partnership.

Our Big Goals

Serve as a bridge that connects our members to value adding services and products for at discounted rates.

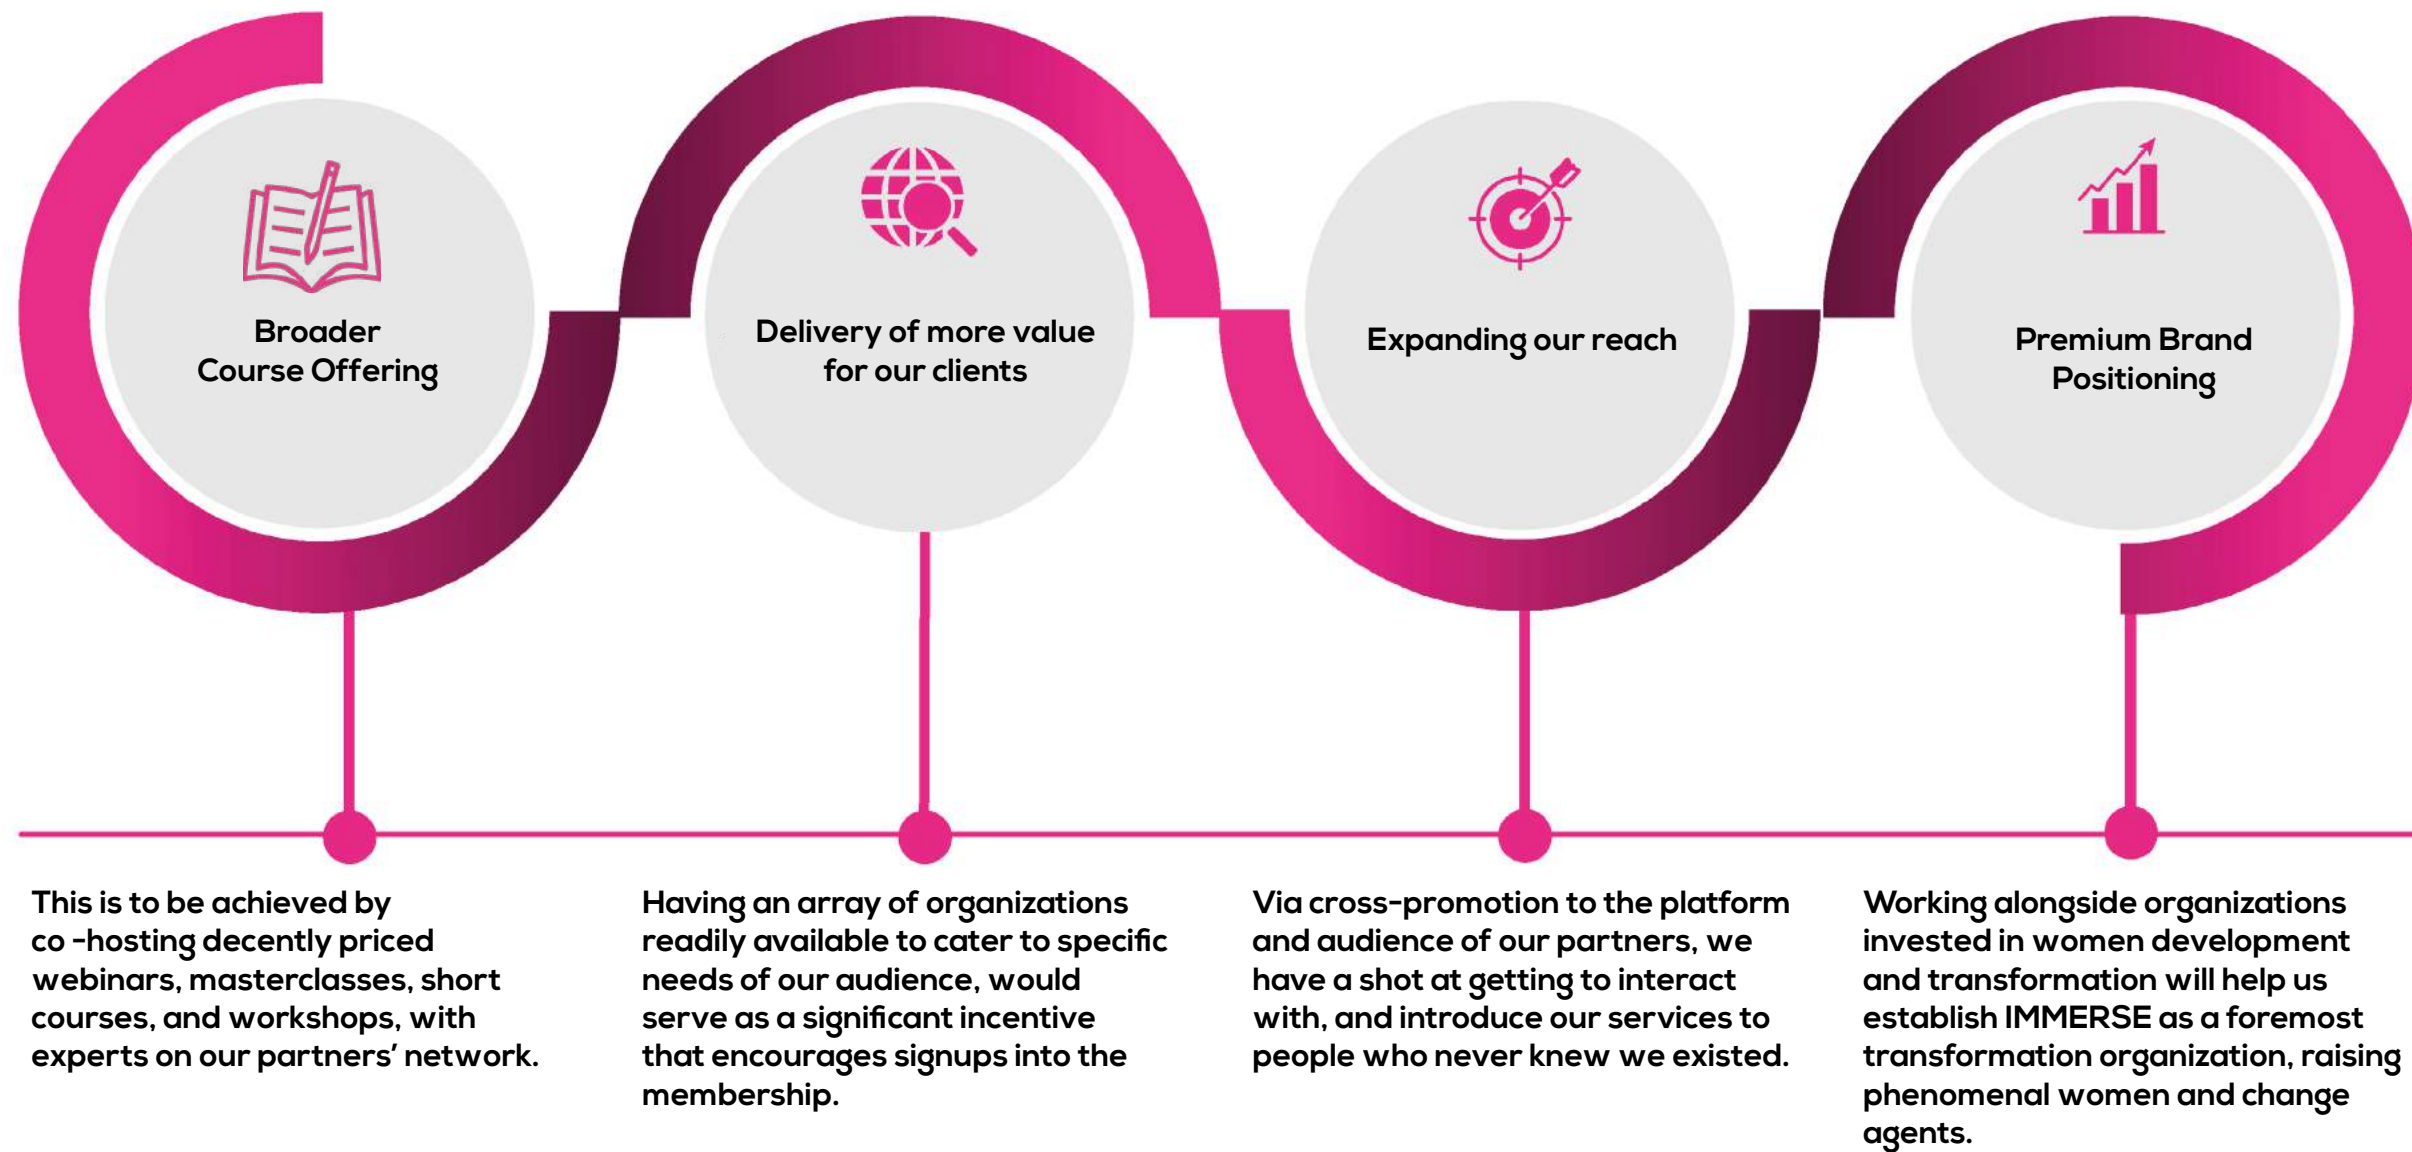

Provide access to resources and personnel that cater to pressing need areas, in the growth journey of our members.

Connect our women to opportunities that help them develop their financial literacy and grow their wealth.

The Vision for IMMERSE

A top-down view of a wooden table with several people's hands stacked together in the center. The hands are wearing various colored sleeves: a tan jacket, a brown sweater, a dark grey sweater, and a light grey sweater. Scattered around the hands are several sheets of paper with charts and graphs, a laptop on the right, and a notebook on the left. The overall scene suggests a collaborative business meeting.
